BACKGROUND AND MISSION

PATH is a global organization that works to accelerate health equity by bringing together public institutions, businesses, social enterprises, and investors to solve the world's most pressing health challenges. With expertise in science, health, economics, technology, advocacy, and dozens of other specialties, PATH develops and scales solutions-including vaccines, drugs, devices, diagnostics, and innovative approaches to strengthening health systems worldwide. PATH takes a multidimensional approach to solving health challenges.

AREAS OF INTEREST

- Vaccines to give children a healthy start in life
- Drugs to treat diseases more effectively and at a lower cost
- Diagnostics to detect and track diseases
- Devices like household water filters and prefilled, non-reusable syringes
- System and service innovations to ensure that all these tools reach the people who need them
- Digital health and innovation

HEALTH-RELATED ACTIVITIES

Our team includes scientists, health experts, business leaders, engineers, advocates, and experts from dozens of other specialties. We work in more than 70 countries to transform bold ideas into sustainable solutions that improve health and wellbeing for all. We develop, introduce, and advance vaccines, drugs, devices, diagnostics, digital tools, and innovative approaches to strengthen health systems worldwide. Our team shapes global conversations about health and technology, advises ministries of health, trains providers, scales teams of health care workers, and works on other fronts to break down barriers to good health. Since 2018, Path and the WHO are partners to globalize digital health. In addition to that, "Houses Digital Square" a partnership of more than 40 global health organisations and countries working to create and sustain digital health systems in emerging economies.

GOVERNANCE AND STAFF

PATH Board is composed of 20 members with Steve Davis as the President and CEO. The headquarters are located in Seattle, WA, USA. PATH has over 1,500 staff globally and works in more than 70 countries with offices in 20 countries and its European headquarters in Geneva.

FUNDING SOURCES AND BUDGET

64.2% of PATH funding comes from private foundations or other individuals and corporations. 28.7% of the budget is funded by the US Government and the remaining funding comes from other governments, NGO's and multilaterals. The total revenue in 2017 was nearly USD 350 million and 85% of the expenses go directly towards programs.
