SPEAKERS

EDUARDO URIAS

Assistant Professor, Faculty of Science, Athena Institute, VU University Amsterdam

Eduardo Muniz Pereira Urias is Assistant Professor at the Faculty of Science at the Athena Institute, and Assistant Professor at the Network Institute (University of Amsterdam).

DANIELLE NAVARRO

Research Assistant, Global Health Centre, Graduate Institute of Geneva

Danielle Mae Danao Navarro works as Research Assistant at the Global Health Centre. She holds a Master's degree in International Affairs from the Graduate Institute of International and Development Studies in Geneva. She completed her Bachelor's degree in Management from the Ateneo de Manila University and her Juris Doctor degree from the University of the Philippines. Prior to joining the Graduate Institute, she worked as a junior legal associate at SyCip Salazar Hernandez & Gatmaitan Law Firm, which is based in the Philippines.

MODERATOR

MARCELA VIEIRA

Project Coordinator of the Knowledge Network for Innovation and Access to Medicines, Global Health Centre

Marcela Vieira is Project Coordinator of the Knowledge Network for Innovation and Access to Medicines, a project of the Global Health Centre. She has a background in Law and Social Sciences, with a specialisation in Intellectual Property Law and New Technologies of Information and holds a masters degree in Public Health from the Universidade de Sao Paulo (Brazil), obtained with a dissertation about alternatives models of innovation for health technologies. Prior to joining the Global Health Centre, she was coordinator of the Brazilian civil society Working Group on Intellectual Property (GTPI) and legal consultant and researcher at accessIBSA: Innovation & Access to Medicines in India, Brazil and South Africa, a project conducted in partnership with the National School of Public Health/Fiocruz in Brazil. She has been working on access to medicines and intellectual property issues since 2005, in close collaboration with several civil society organisations, mostly from developing countries. She has also consulted for a number of international organisations in the field.
