FIELDWORK RISK ASSESSMENT FORM – CHECK LIST

Must be attached to a completed FIELDWORK TRAVEL EVALUATION FORM – compulsory in case of a “Medium” or “High Risk” Destination/Activity

- Consider the risks to which you may be subject to during your fieldwork and give details of any measures you will be taking to minimise these.
- For each possible area of risk, examples/questions are provided as guidance. You must consider all potential causes of harm and detail the relevant controls that will be implemented.
- It is important that you provide sufficient detail in relation to each risk to allow review and approval of your risk assessment. If necessary, please continue on a separate sheet.
- Please note this is a live document and will require updating in the light of any changes which impact on health and safety or welfare
- This document will be included in your student file

Due to the exceptional circumstances related to the COVID pandemic, please take the following measures before travelling:

- Find out about the health situation in the country where you will be doing your fieldwork (more information [here](#)).
- Inform yourself as to the on-site hospital capacities and the emergency numbers (download on your smartphone an application such as Echosos).
- Consult the Immigration website for entry conditions into the country (compulsory test, quarantine, etc.).
- Take out a cancellation insurance in case the situation should rapidly evolve.
- Make sure you take medication such as Paracetamol with you.
