

The background image shows a spacious, modern library or study area. On the left, there is a long, curved white bookshelf filled with books. In the center and right, several round white tables are arranged, with students sitting at them, some working on laptops. The room has large windows on the right side, offering a view of a city skyline. The ceiling is white with recessed lighting and several large, circular pendant lights hang over the tables. The overall atmosphere is bright and academic.
