Documents related to Diversity, Equity and Inclusion Themes

Methodology

The source used to establish this list is the Institutional Repository of the Geneva Graduate Institute: <https://repository.graduateinstitute.ch/>.

As the Geneva Graduate Institute's Institutional Repository does not allow for the extraction of a category specific to the theme "Diversity, Equity & Inclusion Initiative", the following research equation has been established and used since 2023 to extract this list of publications:

(653:"Gender, Class, Race and Intersectionality" OR 653:"Justice, Equity and Inclusion") AND NOT (336:"Master Theses" OR 336:"Papers and Reports") AND 269:[year].

List of Publications by Document Type

The publications are arranged according to the following categories:

- 1) Journal Articles
- 2) Books and Book Chapters
- 3) PhD Theses

Within each category, publications are grouped by year (2025, 2024, and 2023).
