What is the ERC Consolidator Grant?

A 5-year research grant of up to EUR 2 million that covers a researcher's salary, social charges, and research costs.

Who is eligible?

- Open to all disciplines and all nationalities
- Applicants must have:
  - 5-15 years of research experience since their PhD
  - a scientific track record showing great promise

Why the Geneva Graduate Institute?

Located in the heart of International Geneva, the Institute is a leading institution of higher education focused on international studies.

ERC Consolidator Grant awardees are appointed as non-tenured Research Professors within one of our academic departments.

How to apply?

Submit a dossier to the relevant academic department by **17 November 2026** (see detailed procedure). Selected candidates will receive proposal-development support from our Research Office.

ERC deadline: 12 January 2027
